ASSIGNMENT 2.2 – BUILDING A WEB PAGE EXERCISE, PART 2

Chapter 1: HTML

My name is Nima Memarzadeh, and I grew up in Iran, where I was born and lived until I was 19 years old. I've always loved exploring new interests and learning new things, which has led me to web development.

One of my favorite hobbies is going to the gym to stay fit and playing the guitar to relax and express creativity. *These activities keep me balanced and give me a sense of accomplishment.*

When I spend time with my family and friends, we enjoy talking and watching movies together. Those moments bring us closer and help us create amazing memories.

I became interested in coding and computers growing up next to my uncle, who is a computer scientist. His passion for technology and problem-solving inspired me to explore coding and other computer-related topics.

W3C CSS Validator results for TextArea (CSS level 3 + SVG)

Congratulations! No Error Found.

This document validates as CSS level 3 + SVG !

To show your readers that you've taken the care to create an interoperable Web page, you may display this icon on any page that validates. Here is the XHTML you could use to add this icon to your Web page:

```
<p>
    <a href="http://jigsaw.w3.org/css-validator/check/referer">
        <img style="border:0;width:88px;height:31px"
            src="http://jigsaw.w3.org/css-validator/images/vcss"
            alt="Valid CSS!" />
    </a>
</p>
```

```
<p>
<a href="http://jigsaw.w3.org/css-validator/check/referer">
    <img style="border:0;width:88px;height:31px"
        src="http://jigsaw.w3.org/css-validator/images/vcss-blue"
        alt="Valid CSS!" />
    </a>
</p>
```

(close the img tag with > instead of /> if using HTML <= 4.01)

Interested in "developing" your developer skills? In W3Cx's hands-on Professional Certificate Program, learn how to code the right way by creating Web sites and apps that use the latest Web standards. Find out more!

Donate and help us build better tools for a better web.

If you like, you can download a copy of this image to keep in your local web directory, and change the XHTML fragment above to reference your local image rather than the one on this server.

If you would like to create a link to this page (i.e., this validation result) to make it easier to re-validate this page in the future or to allow others to validate your page, the URI is:

```
http://jigsaw.w3.org/css-validator/validator$link
or
http://jigsaw.w3.org/css-validator/check/referer (for HTML/XML document only)
```
